Remember, in the event you are not going to attend a performance or rehearsal, Mr. Fischette needs to know. The success of this program is dependent on the proper rehearsal technique and attendance. Remember performances are mandatory and each time you miss the overall success of this program takes a set back. Parades are performances. Please be responsible in this regard. During the summer I understand that there is vacation time, hence, the summer vacation sheet. I had about 65% response for this, despite several weeks to comply, and several requests and reminders.

Keep this in mind, our success in the fall, is dependent upon each and everyone of us doing the right thing every day.
